

Florence Darlington Technical College

8/1/06

Dear Coach,

Florence Darlington Technical College is recruiting student athletes that are interested in an opportunity to pursue a post secondary education and participating in our softball program. Tech is a member of the NJCAA, Division 1 of Region X, which includes colleges in West Virginia, Virginia, North Carolina and South Carolina.

Tech offers degree programs in many diversified areas of study and is best known for its medical affiliations with many area institutions. The educational programs are the main focus of the college, but the athletic programs (softball and baseball) are offered to allow student athletes the opportunity to demonstrate and improve their athletic abilities, while enhancing the spirit of the community through athletic competition.

I invite you to express my interest to the student athlete and their parents. In the future, please contact me concerning any student-athlete recommendations for our program.

Thank you for your assistance in supporting our youth and improving the educational and athletic opportunities in our community.

Please fill out page two and return. Thank you!

Sincerely,

Heber Watson / Amber Harvey – Softball Coaches
